1) Letter No 8374 C.S. d. 16-2-44 from the Registrar of C.S., requesting sanction for the immediate strengthening of the Department by the addition of two more Divisional offices at the Rate of one for each Dt and the Inspectorate by the addition of nine hands with necessary clerical and menial Staff to work under them as the number of Societies has risen from 19596 2277 as in 31-12-43, and many types of non-credit societies have been organized in several places, and further, nearly 400/ Societies have undertaken the distributing of food grains and clothing, actuated by Service motive and not profit motive.

1) The present administrative jurisdictions of the Divisional offices of the Department are detailed in the P.V.D. according to the G.O. No. A.F. 5394-S.C.S. 79-42-2 d 26-3-43. [Flag "B"].

2) If the two Divisional offices are sanctioned the minimum of posts in the subordinate gazetted Ranks will be eleven. The Registrar proposes as only the eleven posts, five will be held by the probationers and one reserved for civil service, the remaining five may be earmarked for being filled up by promotion from among efficient and deserving Inspectors and Headclerks

3) The financial effect of these proposals will be an additional expenditure of Rs 22,191 1/3 per annum as per details furnished in the P.V.D. [Vide "C".]

3). No 1826/Budget dt 25-4-1944 from the Comptroller to Govt forwarding the duly Verified proposition Statement in duplicate relating to the Department of cooperation with the letter No 955 C.S. dt 27-3-1944 received from the Registrar of C.S.

9) Invoking reference to para 7 above the Registrar of C.S. has submitted the duly Verified proposition Statement through the Comptroller to Govt.

The proposals involve a net extra cost of Rs 1449 5/18 p.m; or Rs 17,391 1/3 per annum under permanent establishment.

10 The Registrar of C.S. has asked for increase under items other than Salaries and Establishment which require to be dealt with seperately. ~~(Provision for increase under these heads Rs 500 p.m. Rs 6000 per annum)~~

11) At present there are eight Divisional offices with 57 circles the charge of Inspectors of C.S. The

number of societies has come up to 2277 from 1959. and many types of non-credit Societies have been organized in several places. Further it is reported that nearly four hundred Societies have undertaken the distribution of food grains and clothing, actuated by Service motive and not profit motive. a very large number societies have undertaken the work of stocking and distributing agricultural implements and spare parts, improved seeds and fertilisers. As the work of the Deptt has increased and also requires closer guidance and scrutiny in addition to the special attention to be devoted to the development cooperation in the Nodals selected for Rural Drive it is necessary for the immediate strengthening of the Deptt

12) The additional staff now required in the Registrar of C.S. is as follows

Firstly to supervise the existing with necessary clerical and menial staff for Mandya and Kadur Dts respectively

Secondly - Three Assistant Inspectors of C.S with peons to work under them.

13) Considering the present increase of work in the Deptt, one more Asst Registrar is necessary with clerical and menial staff for Mandya Dt and one Assistant Inspector of C.S. with peon to work under him for a period of one year in the first instance may perhaps be sanctioned for the present to assist the Registrar in the Deptt.

36) The Registrar of Co-operative Societies has no doubt adduced strong grounds for some increase in establishment on the ground of increase of work.

The proposals, however, involve the addition of 2 posts to the Gazetted Cadre (Asst. Registrar) and of 9 Inspectors, at an extra cost of over Rs.22,000 per annum. While I have no objection to the minimum additional hands required for efficient despatch of work being given, I am not sure if all the extra staff proposed is necessary immediately and whether any curtailment is not feasible. This is a matter which I would leave for further scrutiny by the administrative Department.

37) I would also suggest that the additional staff to be sanctioned need be entertained only as and when necessary.

40) The necessity for the increase in the number of Divisional Offices has been succinctly explained in this office letter No.8374 C.S. dated 16-2-1944. It is recognised on all hands that the Revenue District is the unit for administrative purposes of all Departments and this is departed from, in very rare cases, when owing to very heavy work the district itself has to be divided into two units. The districts of Mandya and Kadur have suffered from a co-operative point of view, on account of their having been tagged on to the Divisional Officer of the neighbouring district, with the result that the movement is particularly backward in these two districts the number of societies in Kadur District being 158 and in the Mandya District, 142, on 30-6-1944. The expansion of the movement so as to make it the poor man's banking service in rural and semi urban areas, and its development on the noncredit side, particularly in the direction of marketing of Agricultural Produce, the solution of the indebtedness problem by the intensive working of the Land Mortgage Scheme and the distribution of consumer goods to the masses on a more equitable basis-these can be effectively pursued and substantial results achieved, only if each of the districts is made an administrative unit. That is the policy followed in Madras with remarkable results. Each district is under the charge of a Deputy Registrar of Co-operative Societies and the entire moveme.

Flag 'A'
13.1.45

movement in the District looks to him for guidance and control. In our own State after Chitaldrug District was made the independent charge of one Asst. Registrar, the movement has made tremendous strides, with 328 societies on 30-6-1944. Unless a similar policy is followed in respect of these districts of Mandya and Kadur, much headway may not be achieved in the development of the movement. (41) Similarly in the case of the Inspectorate; the goal is atleast one Inspector for one taluk so that the societies may be frequantly inspected, their defects set right, their accounts audited regularly and the general meetings held soon after the close of the year. The investigation of Land Mortgage applications will be more speedy if the jurisdiction is reduced, and the relief to the indebted ryot will come more quickly. The formation of marketing societies for the co-operative sale of Agricultural produce is one of the main planks of the Co-operative development. The Hobli Rural reconstruction Drive has to be attended to more vigorously and the Small Savings Scheme has to be pushed through rapidly. All these items of work necessitate the strengthening of the Inspectorate. The number of societies on 1-7-1943 was 2,091 and by 30-6-1944 it had increased to 2,407. My proposal is to have ten divisional officers in charge of nine districts and 66 Inspectors of Co-operative Societies. This gives an average of 240 societies per division and 37 societies per Inspector. The Chandrasekhara Iyer's Committee on Co-operation had opined that about 35 to 40 societies is the largest number a single Inspector can effectively attend to. Much water has flown underneath the bridge since the committee furnished their report and the establishment of the marketing societies and the large number of consumer societies and the expansion of the Land Mortgage Scheme have further necessitated the strengthening of the Department. In the light of these considerations, there is immediate necessity for the strenghening of the Gazetted and nongazetted staff of the Department.

43) In the above proposed redistribution of charges of the Inspectors, the number of societies in the Sorab Circle is only 18 but it will be noted that there is scope for expansion and the development of the Land Mortgage work. Pavagada Circle has only 20 societies. This is a border taluk and on account of its peculiar situation, it is not easily accessible and its being tagged on to some neighbouring taluk has affected the development of the movement in the taluk. It is therefore necessary that it should be made into an independent circle irrespective of the number of societies. There is scope for the development of the movement in the taluk.

Strengthening the Gazetted and Non-Gazetted Staff of the Cooperative Dept.

Letter No 9499 C.S. dated 24-1-1945 from the C.C.F. forwarding an extract from the Resolutions passed at the Mandya District Conference held on 15th & 16th June 1944.

44) The Registrar of Cooperative Societies has not advanced any new grounds for Creating the additional posts of two Asst Registrars and nine Cooperative Inspectors with necessary Staff. If the proposal of the Regr of C.S. is approved the total average increase under all heads will be Rs 22,191 1/3 per annum. [Vide ~~marked~~ 'C' marked on P.U.D - Flag 'A']

45) The Regr is of opinion to appoint one Asst Regr to each of Mandya and Kadur Districts. It is seen from the U.O. Note at para 42 that there are only 158 Societies in the Kadur Dt and 142 in Mandya District.

46) Report of the Committee on Cooperation in Mysore, states that Govt must in the best interests of the movement must not allow Cooperation to become an official Concern managed by State Establishments. [Vide Chapter XI of the Report - Flag 'B']

47) Reference is invited to para 36 marked A on the note above.

48) The existing jurisdiction of the Divisional offices appears to be Conducive from the efficient Controlling point of view so far the Gazetted Staff is Concerned. Registrars and Inspectors by 2 and 9 respectively and the consequent creation of two new Divisional Officers at Mandya and Kadur may not be deferred consideration by Government in view of the facts mentioned below.

1. Regarding para 45 and 47 to intimate the cause for the small number of societies and the need for 2 more divisions, I ~~write~~ state as follows: The very fact that the Co-operative Movement has not made much headway

headway in the Mandya and Kadur Districts as compared with other districts, the number of societies registered being 158 and 142 respectively, there is neeessity for the creation of the posts of two more Asst. Registrars who will be in a position to pay their undivided attention for the uplift of these backward tracts, to alleviate the hardships of the innabitants as regards their indebtedness and to undertake such other ameliorative measures as are generally associated with the Co-operative Movement. From the inception of the movement, these two districts had not the benefit of independent officers. They were either included within the administrative jurisdiction of the neighbouring districts or parcelled out as is the case now among the other districts in their immediate propinquity. The Asst. Registrars within whose administrative jurisdiction these districts were included were therefore unable to pay their concentrated attention for the expansion of the movement as rapidly as in the districts which were and are even now their headquarters. Coupled with this, the entire Kadur District is malnad area and the District of Mandya is also considered as malnad for the purpose of transfer of officials from the Mandya to Malnad and vice versa till 7th July 1947 (vide G.O. No.R.142-192 L.R. 556-41 2 dated 7th July 1942). The distances that will have to be covered for the purposes of inspection, audit and supervision in Kadur District are long and much time is taken away in traversing these intractable distances. The position would not have been what it is today, if these two districts had at their disposal independant officers to attend to their requirements. A comparative statement showing the state of affairs in Hassan and Chitaldrug Districts before and after they had the benefit of an officer solely for each of their districts with the headquarters in the respective districts is herein enclosed (vide Appendix A).

It may be seen therefrom that the movement has made vast strides both in regard to the increase in the number

number of societies and other activities connected with the expansion and development of the movement. Similar results could also have been achieved if the Asst. Registrars are posted in administrative control of the charge of these districts exclusively. The inadequate attention hitherto paid towards these districts far removed from the headquarters of the officers will develop into real and active parental care if their destines are shaped by officers entrusted with the entire administrative control of each of the Districts as in the case of the Revenue Officers. Moreover as the target aimed at is one officer for each of the Districts and one Inspector for each of the taluks or sub-taluks. the strengthening of the Gazetted staff and the subordinate executive staff will go a long way in achieving the end in view.

Mandya is a rich and fertile district being situated in the Irwin canal area. It grows good commercial crops. It is a cattle breeding and butter producing centre also. There is therefore vast scope for marketing of these products through the agency of the Co-operative Societies started for the purpose. Though the lending operation of the Mysore Central Co-operative Land Mortgage Bank, Bangalore has been extended to all the taluks in the Mandya District, the primary societies started in the Taluks of the District are not doing as much business as are expected of them. The increase in the number of members in these societies and the proportionate increase in the business of the Mysore Central Co-operative Land Mortgage Bank will also have to be tackled. According to the census of 1941, the number of villages in the Mandya District is 1,342 with a population of 6,35,588. The small number of 158 societies now in existence compare unfavourably with the large number of villages still to be brought within co-operative fold. The Mandya District Conference have passed a resolution that an Asst. Registrar may be appointed exclusively for Mandya District. All these activities will engage the whole-time attention of an officer.

officer.

The entire district of Kadur being malnad area and on account of its inaccessibility, the Co-operative Movement has not made itself felt among the population inhabiting this district. This partly accounts for the small number of 158 societies existing in the district. Further, the main commercial crops in this District are areca, cardamom, coffee, tea and paddy. The Malnad Areca Marketing Co-operative Society, having been established at Shimoga in the year 1939, there is vast scope for starting feeder societies for marketing areca grown in this area. The Mudigere Cardamom Co-operative Society has not developed to its full stature. Leaving aside coffee and tea for the financing and export of which there are separate facilities, there is scope also for the marketing of other commercial crops. Though the lending operations of the Mysoe Central Co-operative Land Mortgage ~~Co-operative~~ Bank is extended to all the taluks in this District, the business done for the Bank is not much. The membership in the primary societies will have therefore to be increased and substantial business undertaken for the Land Mortgage Co-operative Bank.

The Kadur District was formerly included within the administrative jurisdiction of the Shimoga Division till the year 1938. From 1938 to 1942 and from 1942 to 1943 it was included within the jurisdiction of the Hassan Division and Chitaldrug Division respectively. In accordance with the redistribution of the Divisional officers sanction in G.O. No.A.F. 5394-5 C.S 79-42-2 dated 26-3-43, all the other taluks excepting the taluks of Chikmagalur and Mudigere are again included within the administrative jurisdiction of the Shimoga Division. The taluks of Chikmagalur and Mudigere form part of the Hassan Division. It had therefore at no time the benefit of of an Asst. Registrar of Co-operative Societies, exclusively for the District. It will remain backward unless co-ordinated and close-knit action on the part of the Departmental officers is pursued with vigour. In short, the district affords ample scope for exploring the possibili ti

possibilities for starting various types of non-credit societies besides increasing the strength of existing number of credit institutions. The movement has touched only a fringe of the vast population of 3,58,290 living in 957 villages.

In accordance with the redistribution of the charges of the Inspectors of Co-operative Societies appended to my un-official note No.9025 dated 13-1-45, there is a good case for strengthening ~~of~~ the inspectorate and to increase the appointments by 9 so that each taluk (though not all of them at this stage) may have the benefit of close supervision and official guidance over the working of the societies in its area as stated in para 48.

As regards relaxation of the official control and supervision over the working of the societies stated in para 46 I am of opinion that owing to scarcity of Hon. Workers who can render unobtrusive honest and selfless service, the movement has suffered a set-back and the official guidance and control can only be withdrawn at this stage at great peril to the consolidation and further expansion the movement in general. In order to exercise effective control, to avoid flagrant violation of the provisions of the Act and rules and byelaws framed thereunder, necessary provisions have been introduced in the Act and the Rules from time to time. While admitting the need for a proportionate increase in the extent of supervision and control over the activities of the societies with the increase of volume and magnitude of work and the number of societies, the Chanadrsekhara Iyer Committee on Co-operation have stressed that a certain amount of external supervision and control is indispendable in order to ensure the safety of the organisation and the steady progress of the movement on well considered lines. (vide para 2 of chapter XI of the Report of the Committee on Co-operation in Mysore) The Department has therefore to move circumspectly instead of hastening to deofficialise the movement by withdrawing the official guidance and help

help. In the light of past experience in setting right the affairs of the societies, I feel that a certain measure of official control and guidance is still necessary in order to ensure the working of societies on sound and business principles.

Regarding para 44, I wish to add that the Co-operative Movement will play an important and vital part in the post-war planning and the marketing of the Agricultural produce and the sale of the consumers goods will have to receive an increased share of attention at the hands of the Department. The Director of Agriculture has also agreed for the sale of the agricultural implements through the agency of the Cooperative Societies. Further, as the Co-operative Movement will be one of the main planks in the direction of the post-war planning of the country side and the employment of the demobilised soldier and finding him remunerative occupation consistant with his needs and requirements, the additional expenditure of Rs.22,192 per annum proposed to be incurred ill not be commensurate with the expansion and consolidation of the movement which has to be undertaken will in advance. With the development of the movement, the expenditure incurred by the societies on account of establishment has increased from Rs.2,96,741 in 39-40 to Rs. - 6,07,063 in 1943-44. The expenditure incurred by the Government during the same period has remained almost constent. The increase in expenditure of Rs.22,192 per annum is disproportionately small when compared with the increase in expenditure by the societies, increase of National wealth, Net savings to the people by way of reduced rate of interest and profits, apart from toning up of the evil practices of the moneylenders and strengthening of the moral force behind the movement.

Mere increase of establishments is of no use, unless it is manned by proper type of men. The usefulness of the dept will be judged not by the number of credits secured, but by the service rendered to the community which it renders to the C.T.U.

Final Note by the Minister for Agriculture.

Subject— Increase in the establishment of the Co-operative Department.

The Registrar of Co-operative Societies has brought to the notice of Government that the work of the department has increased considerably and has become mere exacting with the result that the existing staff - both Gazetted and non-Gazetted - is unable to cope with the increasing work of this developing department. He has accordingly formulated proposals for the strengthening of the existing staff (Gazetted and non-Gazetted).

The proposals of the Registrar involve the sanction of the following posts at an extra cost of Rs.17,391/- per annum:-

(a) 2 Assistant Registrars of Co-operative Societies.

(b) 9 Inspectors of Co-operative Societies (II Grade) 40-5-75.

(c) 2 clerks on Rs.40-5-75.

(d) 4 clerks on Rs.25-2½-50.

(e) 15 peons (2 on Rs.12/-; 11 on Rs.11/-; 2 on Rs.10/-

The two Assistant Registrars are proposed to be posted for the charge of two extra charges to be created for Mandya and Kadur Districts and the nine Inspectors are proposed to be posted to taluks, which increase will ensure that each taluk will have one Inspector.

From the inception of the Co-operative movement in the State, the Districts of Mandya and Kadur had no separate officers. They were included within the administrative jurisdictions of the neighbouring districts with the result that the Co-operative movement has not progressed to the desired extent in these two districts. The Assistant Registrars within whose administrative jurisdiction these districts were included were unable to devote exclusive attention for the expansion of the movement. In these circumstances the Registrar considers that it is high time that two posts of Assistant

Registrars are created and the Officers posted to the charge of Mandya and Kadur Districts. These officers it is expected, will give undivided attention to the development and popularisation of this Movement in these Districts.

In the case of Inspectors it is stated that it is considered necessary to have at least one Inspector for one taluk so that the Societies there may be inspected frequently, their defects set right, their accounts audited regularly and the general meetings held soon after the close of the year. The establishment of the marketing societies and the large number of consumer societies and the expansion of the Land Mortgage Scheme have further necessitated the strengthening of the Inspectorate. In view of these reasons, the Registrar proposes to appoint 9 more inspectors of the II Grade on Rs.40-5-75 so as to assure that each taluk will have one Inspector.

The appointment of the extra ministerial and menial staff referred to above will be as a result of the proposed appointment of 2 Assistant Registrars and 9 Inspectors.

On a consideration of all the aspects of the question, it is proposed to sanction the proposals of the Registrar for a period of two years.

GOVERNMENT OF MYSORE.

DEPARTMENT OF CO-OPERATION.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

8374 cs

Dated Bangalore, 16 February 1944.

To

The Additional Secretary to
Government of Mysore, Bangalore.

Sir,

I have the honour to state that according to Government Order No.A.F.5394-5/C.S. 79-42-2 dated 26-3-1943 the administrative jurisdiction of the Divisional Officers of this Department are as follows:-

Name of Division.	Jurisdiction.
1. Bangalore City Division.	Bangalore City and Bangalore North, Bangalore South and Anekal Taluks.
2. Bangalore Division.	Devanahalli, Hoskote, Doddaballapur, Nelamangala, Magadi, Closepet Channapatna and Kankanahalli Taluks of Bangalore District and Maddur Malavalli Taluks of Mandya District.
3. Mysore Division.	The whole of the Mysore District and Seringapatam, Frenchrocks and Mandya Taluks of Mandya District.
4. Hassan Division.	Krishnarajapet and Nagamangala Taluks of Mandya District, the whole of Hassan District and Chickmagalur and Mudigere Taluks of Kadur District.
5. Shimoga Division.	Kadur, Tarikere, Narasimharajapura, and Sringeri Taluks of Kadur District and Shimoga, Kumsi, Thirthahalli, Nagar, Sagar, Sorab and Shikarpur Taluks of Shimoga District.
6. Chitaldrug Division.	Honnali and Channagiri Taluks of Shimoga District and the whole of Chitaldrug District.
7. Tumkur Division.	The whole of Tumkur District.
8. Kolar Division.	The whole of Kolar District.

The above number of divisional offices, with 57 circles in charge of Inspectors of Co-operative Societies, was constituted when the number of societies was 1959, giving an average

P.T.O

average of about 245 societies per division. The above distribution of charges was and is the best arrangement that could be made with only eight officers to preside over the divisional offices. But now the number of societies has risen to 2277 as on 31-12-43 and many types of non-credit societies have been organised in several places. Further nearly four hundred societies have undertaken the distribution of food grains and clothing, actuated by SERVICE MOTIVE and not PROFIT MOTIVE; a large number of societies have also undertaken the work of stocking and distributing agricultural implements and their spare parts, improved seeds and fertilisers. These require closer guidance and scrutiny. Special attention has also to be devoted to the development of Co-operation in the hoblis selected for Rural Drive. The number of societies is daily on the increase. The work has so developed and become complicated that the need is felt for the immediate strengthening of the Department by the addition of two more divisional offices at the rate of one for each district and the Inspectorate by the addition of nine hands. In the circumstances, I request that Government may be pleased to sanction the appointment of two more Asst. Registrars of Co-operative Societies, with the necessary clerical and menial staff and nine 2nd grade Inspectors of Co-operative Societies, with peons to work under them, so that there may be an Asst. Registrar for each of the Districts of Mandya and Kadur which are now cut up and tagged on to the Asst. Registrars of the neighbouring Districts and the societies may secure adequate supervision from the Inspectorate. As far as the inspectorate is concerned the goal has to be one Inspector for each taluk or sub taluk.

While on this subject, I wish to stress the need for making the non-gazetted subordinate service viz., the Inspectorate more attractive with prospects of promotion to the gazetted rank for really deserving and efficient In-

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

efficient Inspectors and Head Clerks. With the strengthening of the gazetted staff by two as proposed above, the number of posts in the subordinate gazetted ranks will be eleven, inclusive of the Deputy Registrar and the Personal Assistant to the Registrar, of which one is reserved for the Assistant Commissioners. The two probationers appointed to the Department in 1937 are now Asst. Registrars of Co-operative Societies and three more probationers have recently been appointed. As out of the eleven posts mentioned above, five will be held by persons directly recruited and one reserved for the Civil Service, the remaining five may be earmarked for being filled up by promotion from among efficient and deserving Inspectors and Head Clerks. This arrangement will be a stimulus to the non-gazetted subordinate staff for discharging their duties enthusiastically and zealously.

The financial effect of these proposals will be an additional expenditure of Rs.22,191 1/3 per annum for the Department as per details noted in the margin.

2 Asst. Registrars on Rs.150-25/2-250	Rs.424 4/9
2 Head Clerks on Rs.40-5-75.	130 1/6
4 Clerks on Rs.25-2½-50	166 2/3
Peons (2 on 12, 2 on 11/- and 2 on 10/-)	66
Office rent for two offices at Rs.25/- per month	50.
Contingencies at 15/- per month for each office.	30.
T.A. to officer at Rs.50/- per month and staff at Rs.20/- per month for each office.	140.
Total for the two Divisional offices.	1,007 5/18
9 additional Inspectors on 40-5-75	563.
9 peons on 11 each to nine Inspectors.	99.
T.A. to the nine Inspectors at Rs.20/- per month	180. 842
	1,849 5/18 per mensem
	or
	22,191⅓ per annum.

I have the honour to be,
Sir,
Your most obedient servant,
K. Subba Rao
Registrar.

General Department, Bangalore.

Sir,

I have the honour to invite your kind reference to correspondence ending with my letter No.9551/C.S. dated 27th March 1944 forwarding a proposition statement in duplicate for the strengthening of of the Gazetted Staff of the Department by the addition of two more Assistant Registrars of Co-operative Societies to be placed in charge of Mandya and Kadur Districts and of the Inspectorate of the Department by the addition of nine more Inspectors of the second grade and to state that owing to the large increase in the number of societies in many of the circles, it has been found absolutely necessary to revise the Circle charges so as to make them more compact and less unwieldy but this is not possible without additional staff. While the number of societies on 30-6-1942 when the circles were fixed as per G.O.No.A.F.72-73/C.S.26-40-4 dated 4th July 1942 was 1959 giving an average of 35 societies per Inspector, to-day the number has risen to 2410 and some of the charges have become so unwieldy as cannot be managed by a single Inspector. For example, the Davangere Circle consisting of the Davangere and Holalkere Taluks has 96 societies; the Honnali Circle consisting of Harihar and Honnali Taluks has 49 societies, and the Chitaldrug Circle consisting of Chitaldrug taluk has 69 societies. Thus for Chitaldrug District itself three more Inspectors are necessary, in the interests of efficiency, guidance, supervision and audit. Similar conditions prevail in other Districts also.

The Challakere Circle consisting of Challakere, Molakalmuru & Jagalur Tks. has 71 societies;

These Inspectors are at present in charge of Land-mortgage work also,-investigation of loan applications, recovery of the loan instalments

instalments besides inspection, audit and general supervision. There are 70 land-mortgage societies with their area of operations extending over 67 Taluks and 3 sub-taluks. It is the accepted policy of the Department to extend the scheme to the remaining Taluks also so that the agriculturists all over the State may have the benefits of the scheme. Representations have been made by the authorities of the Land-mortgage Bank at the Conference of the Officers of the Department held on 15th July 1944 that a separate staff for administering the Land-mortgage Scheme is necessary. But it has been considered by Government that a separate staff is not particularly advantageous as it would mean a wide jurisdiction to the Special Inspectors and unnecessary delay in the disposal of loan applications. My predecessors have pointed out that the goal should be one good Inspector for each Taluk or Sub-Taluk and I entirely agree with them and I believe it is only then that the Co-operative Movement in all its branches will work satisfactorily and efficiently. For the present however, I shall be content with the increase of the Inspectorate by nine hands as already requested.

The working of the Small Savings Scheme has also been entrusted to this Department and a large number of authorised agents have been appointed. The work of these agents has to be supervised from time to time and timely instructions issued to them then and there. This also necessitates the strengthening of the Department.

I therefore urge that Government may be pleased to sanction the additional staff of nine Inspectors and nine peons to work under them immediately to enable the Department to cope with the increase in the number of societies, their complicated problems, guidance, audit, and supervision and the working and supervision of the Small Savings Scheme.

I have the honor to be,
dSir,
our most obedient servant,

Registrar.

Subject :- Increase in the establishment of the Co-operative department.

The Registrar of Co-operative Societies has brought to the notice of Government that the work of the department has increased considerably by rapid strides and has become more extensive and complicated. With the result that the existing staff - both Gazetted and non Gazetted - is unable to cope up with the ever increasing work of the department. He has accordingly formulated proposals for the strengthening of the existing staff (Gazetted and non Gazetted) as detailed in the appended proposition Statement.

The proposals of the Registrar involve the creation of the following posts at an extra cost of Rs 17391 per annum

(1) 2 Assistant Registrars of Co-operative Societies

(b) 9 Inspectors of Co-operative Societies (Second Grade) on Rs 40-5-75

(c) 2 clerks on Rs 40-5-75.

(d) 4 clerks on Rs 25-2½-50.

(e) 15 peons (2 on Rs 12, 2 on Rs 11, 2 on Rs 10, 9 on Rs 11)

The two Assistant Registrars are proposed to be posted for the ~~two extra~~ charge created for charge of Mandya and Kadur Districts and the nine Inspectors are proposed to be posted ~~so as to ensure~~ to taluks so as to ensure that each taluk will have one Inspector.

From the inception of the Co-operative movement in the State, the Districts of Mandya and Kadur had ~~not the benefit of~~ no executive officers. They were either included within the administrative jurisdiction of the neighbouring Districts with the result that the ~~movement~~ Co-operative movement was not ~~progressed~~ as desired ~~as~~ in these two districts. The Assistant Registrars within whose administrative jurisdiction these districts were included were unable to pay ~~their~~ ~~concentrated~~ ~~attention~~ to the expansion of the movement ~~as~~ in the districts ~~concerned~~ as they ought to have done.

which were and are even now their head quarters. In these circumstances the Registrar considers that it is high time that two posts of Assistant Registrars are created and posted to the Chars of Mandya and Kadur districts. These officers will pay undivided attention for the uplift of these two backward districts alleviate the hardships of the inhabitants as regards their indebtedness and undertake such other ameliorative measures as are generally associated with the co-operative movement

considered

In the case of Inspectors it is stated that it is necessary to have at least one Inspector for one taluk so that the societies may be inspected frequently, their defects set right, their accounts audited regularly and the general meetings held soon after the close of the year. The establishment of the marketing societies and the large number of Consumer societies and the expansion of the Land Mortgage scheme have further necessitated the

the strengthening of the Inspectorate.
In view of these reasons, the Registrar proposes to appoint 9 more Inspectors of the Lecal Grade on Rs 40-5-75 so as to assure that each taluk will have one Inspector.

The appointment of the other ministerial and menial staff referred to above will be as a result of the proposed appointment of 2 Assistant Registrars and 9 Inspectors.

As ~~a very strong case has~~ adequate reasons have been ~~made out~~ by the Registrar in support of ~~for the strengthening of the staff (Gazetted and non-Gazetted)~~ his proposals as detailed above, it is proposed to accept the Sanction may ~~be~~ accorded to the proposals of the Registrar in its entirety.

Including the cost of rent for two buildings, Contingencies and T.A to Officers and staff, the extra cost will come up to ~~Rupees~~ Rs 22,200/- per annum.
